To  
All Member Industries of CETP Bhiwadi

## Notice

We are pleased to inform you that the Reverse Osmosis (RO) plant at CETP Bhiwadi has been successfully initiated, and the treated water line has been commissioned to provide high-quality water suitable for industrial purposes. You are hereby advised to take advantage of the RO treated water from the metered connection as per your industrial requirements.

This will ensure a sustainable and reliable source of treated water for your processes, contributing to the overall efficiency and environmental responsibility of your operations.

Regards

Yours faithfully

Surender Chauhan  
Chairman
